Storage Cradle
CE Option

NOTE: Boats which are ordered with 220V/50 Cycle Electrical Systems will be installed with the appropriate appliances in the corresponding voltage.

Cabin/Cockpit Layout w/Optional Seating

290 Sun Sport®

2002

The 290 Sun Sport's huge, cushioned lounging area is large enough that you can actually loll around on it. For a swim, just hop over the stainless steel stern rail and onto the swim platform. The optional sport spoiler with overhead lighting is the perfect place for electronic accessories.

You'll find custom instrumentation, waterproof, soft-touch switch panels, and everything else you need for optimum navigation close at hand — easy to read and easy to reach. The lockable sliding cabin door has convenient integral steps for quick access to the foredeck.

The cockpit wet bar accelerates conversation. The huge lighted storage area in the cockpit sole has a gas-assisted hatch that enables you quickly and easily to reach skis, kneeboards, wave runners and other bulky items that are necessary to those who possess the water gene.

When you combine day cruising, water sports, entertaining and overnighting all in one boat, you come up with the 290 Sun Sport. It's more fun than a barrel of kneeboarders! A wide 9' 8" beam, lots of cockpit space and a spacious cabin make this boat perfect for a day — and a night — on the water. A powerful MX6.2L MPI Bravo® III MerCruiser® stern drive makes every trip a smooth one.

Head for the galley when you want to make short work of snacks and light meals. It features cherry wood Formica® cabinets, dual-voltage refrigerator, molded fiberglass counter with sink and faucet, and optional microwave.

The V-berth is a nice place to sit and have a visit. Add the table and it turns into a dinette. Or filler cushions convert it to a double berth.

The starboard fiberglass head compartment is fitted with a VacuFlush® head system, as well as a vanity with sink, faucet and pullout shower sprayer.
