

680 Sun Sport®

Congratulations!

You have chosen the world's most prestigious yacht. We at Sea Ray® Boats, Inc. welcome you into our worldwide and ever-expanding family of boating enthusiasts.

Every journey lets you enjoy the excitement of a new adventure. Your new Sea Ray is more than a boat; it is a way of living. Our organization is dedicated to providing pleasure and fulfillment to your boating experience.

Sea Ray's commitment – Excellence by Design – has enabled us to create a superior craft providing you with comfort, performance, safety and dependability. All of our boats comply with safety standards set by the United States Coast Guard and are designed, engineered and manufactured in accordance with applicable recommendations and guidelines of the National Marine Manufacturers Association (NMMA) and the American Boat and Yacht Council (ABYC).

The Owner's Manual Packet, to be kept on board your Sea Ray, introduces you to all the features which make our boats so incomparable. For years of trouble-free boating, take the time now to carefully review the information in your Owner's Manual Packet and really get to know your boat. **Have everyone who will operate your yacht read this manual.**

The Owner's Manual Packet contains the following:

- **Sea Ray Warranty Statement**
Read the Sea Ray Warranty Statement so you will be familiar with the terms.
- **Specification Sheet**
The Specification Sheet lists standard equipment for your boat as well as available optional equipment and useful specifications needed for safe boating.

- **Sea Ray Yacht Owner's Manual**

The Sea Ray 680 Sun Sport Owner's Manual gives you valuable operating and safety information about your responsibilities as an owner/operator.

- **Original Equipment Manufacturer (OEM) Information**

This section of your Owner's Manual Packet contains information from the manufacturer of equipment installed on your boat. Examples include the engine, steering and VHF radio. Throughout the Owner's Manual you will be referred to information provided by manufacturers of specific systems.

Because our Product Development and Engineering Division is continually upgrading our products, some descriptions in this manual may differ somewhat from equipment on your boat. If this occurs, please refer directly to the updated information in the accompanying Owner's Manual Packet. If such information is not included, consult your authorized dealer for assistance.

Because your purchase represents a substantial investment, we know you will want to take the necessary measures to protect its value. We suggest you plan a program for proper operation, periodic maintenance and safety inspections. If you have questions which are not fully covered by the Owner's Manual Packet or the manufacturer's instructions, please consult your authorized dealer for assistance.

Thank you for selecting a Sea Ray®!

Bon Voyage
