

# 290 Sun Sport®

2004

Optional, extended swim platform provides lots of room to play near the water and includes a concealed, stainless steel ladder.

The cockpit wet bar accelerates conversation. The huge lighted storage area in the cockpit sole has a gas-assisted hatch that enables you quickly and easily to reach skis, kneeboards, wakeboards and other bulky items that are necessary to those who possess the water gene.

You'll find custom instrumentation, waterproof, soft-touch switch panels, and everything else you need for optimum navigation close at hand — easy to read and easy to reach. The lockable sliding cabin door has convenient integral steps for quick access to the foredeck.

When you combine day cruising, water sports, entertaining and overnighting all in one boat, you come up with the 290 Sun Sport. It's more fun than a barrel of kneeboarders! A wide 9' 8" beam, lots of cockpit space and a spacious cabin make this boat perfect for a day — and a night — on the water. A powerful MX6.2L MPI Bravo® III MerCruiser® stern drive makes every trip a smooth one.

Head for the galley when you want to make short work of snacks and light meals. It features cherry wood Formica® cabinets, dual-voltage refrigerator, molded fiberglass counter with sink and faucet, and optional microwave.

The V-berth is a nice place to sit and have a visit. Add the table and it turns into a dinette. Or filler cushions convert it to a double berth.

The starboard fiberglass head compartment is fitted with a VacuFlush® head system, as well as a vanity with sink, faucet and pullout sprayer.
